**Subject:** PPG Work Plan Commitment | SDAMs  
**Attachments:** FY21SDAMs\_Contractor.xlsx

Greetings Matt,

Attached is a list of SDAMs completed by an ADEQ contractor and funded with federal grants as noted in the 106 MI and PPG work plans. Approved funding from the 106 MI grants were used initially with PPG supplementing the work. ADEQ committed to sending a list to EPA in the FY21 combined work plan, but will report separately in FY22 as the work plans are unique documents and no longer combined.

Thank you for your time. - Erin
